

INNOVATING FOR YOU. WITH YOU.

The word 'CHLOROPHYLL' is written in large, white, bold, sans-serif capital letters. Each letter is filled with a different green food item: 'C' is a green smoothie, 'H' is a green cookie, 'L' is a green cookie, 'O' is a green cookie, 'R' is a green burger, 'O' is a green burger, 'P' is a green burger, 'H' is a green cookie, 'Y' is a green cookie, and 'L' is a green cookie. The background is a vibrant green with various green food items like cookies, burgers, and smoothies scattered around the text.

Vibrant shades of Natural Green

CHLOROPHYLL(IN)S E140/E141

Chlorophyll is the green pigment found in leaves, grass, vegetables and all organisms capable of photosynthesis. The principal pigment is E140 Chlorophyll, however this is relatively unstable with weak coloring intensity. Often, the product is treated with copper salts to render E141 Cu Chlorophyll which has a more vibrant shade and greater stability.
