IDACOL

THE WIDEST RANGE OF SYNTHETIC COLORS

Idacol is ROHA's flagship brand, launched in 1972. Idacol is the leading brand for synthetic colors utilized for extensive applications across industries – food & beverage, pharmaceuticals and cosmetics. The portfolio consists of a wide range of colors and forms, developed with cutting edge technology. It includes both water-soluble and lake pigments in a variety of forms, customized to client requirements, even for new applications. The Idacol range of synthetic colors can fulfill large quantity demands and possesses excellent stability and versatility. The range of colors is certified by prominent regulatory agencies such as the US Food and Drug Administration (FDA) and the EEC.
